

D.A.V. PUBLIC SCHOOL, NERUL

03/10/2018

Respected Parents,

The hard work and high aspirations of our children and the dedication and commitment of our teachers and of all our staff have seen exceptionally excellent results for our school this year as well like in all the previous years.

The outstanding and extra-ordinary achievements of our school in the CBSE Class XII and Class X examinations have made us all proud and placed our school amongst the most sought-after schools for quality education. **The overall Q.P.I of our school stood at a high 81.81%. Q.P.I is the Qualitative Performance Index which shows the average scoring of a student in any subject.**

Several of our students scored 90 % and above in the Sr. Secondary Section and similarly many children scored 10 CGPA in class X examinations.

All these results clearly speak for the concerted efforts of all of us - the Management, Teachers, Children as well as the support and co-operation of all of you, Parents.

While in academics this has been the case, in extracurricular activities as well as in sports too children excelled at all levels including at national and international levels.

It indeed is worth mentioning that all these were possible despite of our school having the lowest fees among all CBSE schools in Mumbai as well as in Navi Mumbai areas.

As regards school fees, kindly recall that the last increase in fees was 2 years ago. As per government regulations and as unanimously passed by the P.T.A. on Monday, the 27th of August 2018, a nominal increase of fees up to 15% with effect from next academic year, April 2019. Accordingly, the fee payable from April 2019 is given herewith.

FEE STRUCTURE 2019-2020
