ABOUT US

VVDAV Public School is an institution tied to the goal of making the world a better place with the threads of commitment, and persistent goal-directed endeavours.

We are devoted to fostering a conducive environment that raises lifelong learners characterised by a holistic perspective, a progressive outlook and a sense of responsibility towards society.

VVMUN happens to be one of the many manifestations of the vow.

Ever since its foundation in 2017, the VVMUN society has been working relentlessly, materialising the vision of empowering young global citizens and prepping them for the worldly challenges that await them.

“As the world strengthens and the virus weakens and gradually but surely, as life returns to the pre-pandemic normal, we can see the dark ones parting, giving way to the bright sunshine that promises brighter days.”

Having sailed through the darkest phases of the pandemic with the aid of online conferences, we are glad to announce the third session of VVMUN, now in the physical world. With committees eyeing contemporary and futuristic issues in a fresh light, an excellent opportunity to witness the enrichment of individual and collective brilliance at the same time while expanding and diversifying social circles, VVMUN 2022 is the “not-to” miss shot for November.

Taking cognizance of the “sustainability” buzz rife in the air, in pursuit of relevance, we are delighted to share the theme for the third edition of VVMUN: “Sane and Sustainable, actions that go a long way”.

In a world threatened by suppurating climate change, economies hurt by the pandemic, psyches dented by the virus and the accompanying terror, “sustainability” seems the sole respite.

We are hopeful that the session would succeed in its aim of sensitizing the young ones and helping them recognise their potential and role in improving the current world scenario.

We cordially invite you to the third edition of VVMUN on 12 and 13 November 2022.

Looking forward to a fruitful interaction

Team VVDAV

ADDRESS BY PRINCIPAL

“The power of youth is the common wealth for the entire world. The faces of young people are the faces of our past, our present and our future. No segment in the society can match with the power, idealism, enthusiasm and courage of the young people.”

-Kailash Satyarthi

We are elated to announce the third edition of our Model United Nations (MUN) Conference: Veda Vyasa DAV Public School MUN 2021, Vikipuri. We would be glad to host you at the much-awaited in-person conference.

VVMUN 2022 is a platform for the dynamic generation to develop into thoughtful, logical, and determined global citizens with a desire and intent to improve the current world scenario and help the global community tackle issues, both contemporary and futuristic.

Our goal is to instil a yearning in today's youth to acquire a comprehensive outlook and a considerate and responsible personality. Through VVMUN 2022, we invite them to come together and discuss matters as members of one united society and deliberate upon the agendas to come up with ingenious solutions while honing their research, critical thinking, public speaking, diplomacy and negotiating skills. For the past two sessions, like the rest of the world, we too have been longing for the return of face-to-face in-person interactions whose pros are unmatched. Much to the joy of all, we are pleased to share that this edition of the conference shall be held offline while ensuring the safety of one and all involved.

I am sure that the VVMUN 2022, with its premise- "Sane and Sustainable, actions that go a long way" will facilitate the exploration of the dimension of responsible, sustainable policies and actions while assisting the individual and collective development of the participants.

I cordially invite you to the third edition of VVMUN 2022, which is built on the grounds of confidence, intellectualism, accountability, companionship, and a zeal for learning.

Warm wishes and kindest regards
Shalini Arora
Principal
