#Unravel the creativity within

'The first step towards getting somewhere is to decide you're not going to stay where you are'.

~J P Morgan

**Heemal H Bhat
Principal**

This year has been all about embarking on unknown territories. It has also shown us that exemplary teamwork is the answer, when our resilience, faith and perseverance are tested. Unfazed by earlier failures, our Indian scientists brilliantly executed the Chandrayaan mission.

Our Indian sports persons brought home a humongous bouquet of medals & laurels. We must not forget the simple yet proficient operation by rat hole miners to rescue the trapped miners.

The successful management of the erratic cyclone Biparjoy which saved many lives and livelihoods epitomises the team synergy. All these instances showcase the adroitness of teamwork to combat formidable circumstances.

We also visualise our children as adept team comrades who give their whole hearted participation to all activities & endeavours. This is one such enterprise wherein our children have contributed emphatically.
Happy reading.

'True learning occurs when we can see connections and patterns between seemingly disparate things'.

~Galinsky

Ms Anuradha Kapoor
Supervisory Head

Virtual reality, AI, gamification, augmented reality are some of the latest trends and innovations driving the change in the education realm. The above have revolutionised, how one visualises a classroom in the true sense of the word. The human touch still remains the supreme tool to disseminate and integrate these innovations. The teacher- pupil connect still holds firm and paramount. A gentle pat, an endearing smile, a nod of the head and a kind word will never be considered obsolete.

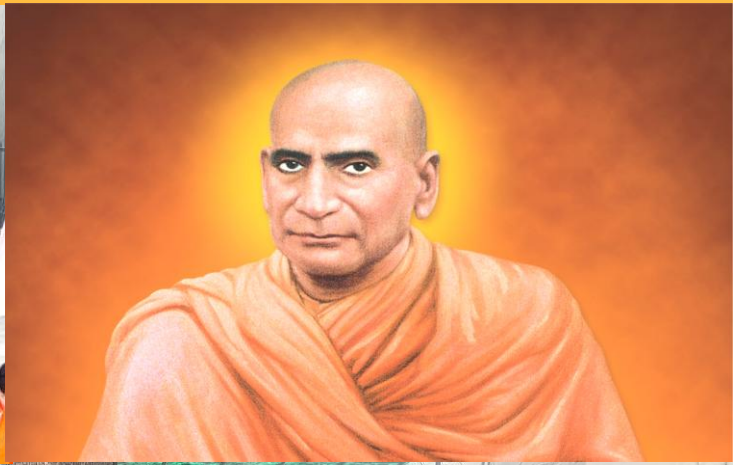

We at Hansraj embrace the new and hold fast onto the humane values of teaching and learning. Our wonderfully enterprising pupils are testament to it.

Happy reading.

Swami Shraddhanand Balidaan Diwas

Swami Shraddhanand ji brought the message of Maharishi Dayanand ji to grassroots level, which played a huge role in making India independent, promulgated and protected the concept of education and along with promotion of education in mother tongue.

Students paid homage to Swami Shraddhanand and also heard the stories of his sacrifice with reverence.

Akash's Santa

Once upon a time there was a boy who lived in an orphanage. His name was Akash. Akash's parents left him with the orphanage when he was only 2 years old. Around Christmas, many children were adopted at the orphanage but no one selected Akash. This made Akash sad. Watching Akash being upset the caretaker of the orphanage said to him "Akash if we wish anything at Christmas Eve's night, the wish gets true". Akash wished that someone adopts him at Christmas as he also wanted to celebrate Christmas with a family.

On the day of Christmas, two people came in the orphanage and adopted Akash by signing a paper. Akash became so happy and danced with joy. Akash's new parents were Santa for him who brought happiness in his life and gave him Christmas gifts. The family went home and had dinner together. Akash was so overjoyed and lived happily with his new family.

DHAANVI GERA, II-C

EVERYONE IS A SANTA

JOY OF GIVING

In a world of joy, where kindness grows,

Each person is a Santa, as everyone knows.

Giving big smile, like the sun so bright,

Spreading happiness from morning till night.

Toys to share, a helping hand,

Making friends happy, across the land.

Giving feels good, it's a special art,

Everyone is a Santa, with a giving heart.

Siddak Mahajan, II-I

SHARING TOGETHER

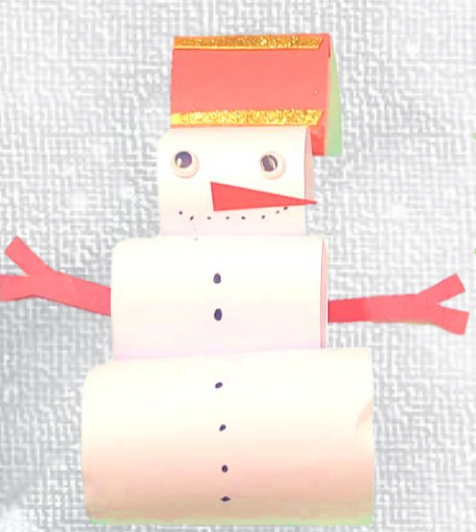

Sharing together is such fun
It is generous to do.
Add in friends and laughter
To make a caring you.

Sharing together, keep it up.
Sharing is so dandy.
Mind your manner and show
respect
And you'll be sweet as candy.

ENERGY CONSERVATION DAY

On 14th December, we celebrate Energy Conservation Day to remind everyone to save energy. Saving energy means using less electricity and turning off lights when we don't need them. We can also use things like solar power. It's like taking care of our planet by not wasting things. So, let's be superheroes and save energy to keep our world happy and healthy!

SAVE ENERGY

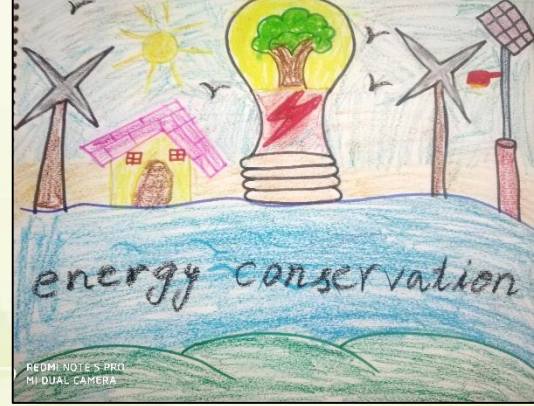

Do's

- ★ Switch off lights not in use
- ★ Save electricity
- ★ Use alternative sources of e
- ★ Solar energy panels
- ★ Use CFL bulbs & lights
- ★ Become eco-friendly
- ★ Observe Earth hour

Dont's

- ★ Avoid overuse of appliances
- ★ Do not waste fuel
- ★ Do not neglect e-faults
- ★ Do not cut trees
- ★ Do not create e-waste
- ★ Do not pollute the env.

4 दिसंबर, भारतीय नौसेना दिवस - हमारे समुद्री नायकों को नमन।

4 दिसंबर, भारतीय नौसेना दिवस है, जब हम समुद्र के हीरोज़ को सलामी देते हैं। इस दिन को हम समर्पित करते हैं उन बहादुर सैनिकों की याद में जो हमारी सुरक्षा के लिए समुद्रों में तैयार रहते हैं। हम उन सैनिकों के आभारी हैं जो हमें सुरक्षित रखने के लिए दिन-रात काम करते हैं। भारतीय नौसेना दिवस पर हम सभी नौसेना हीरोज़ को धन्यवाद देते हैं।

SALUTE OUR SEA HEROES

On Navy Day, let's cheer and say,
To heroes bold in ships that sway.
Indian Navy, strong and grand,
Sailing proudly, across the sand.

In the waves, a daring quest,
Guarding oceans, they're the best.
With a salute, we proudly say,
Thanks for keeping waves at bay!

In 2024, I will....

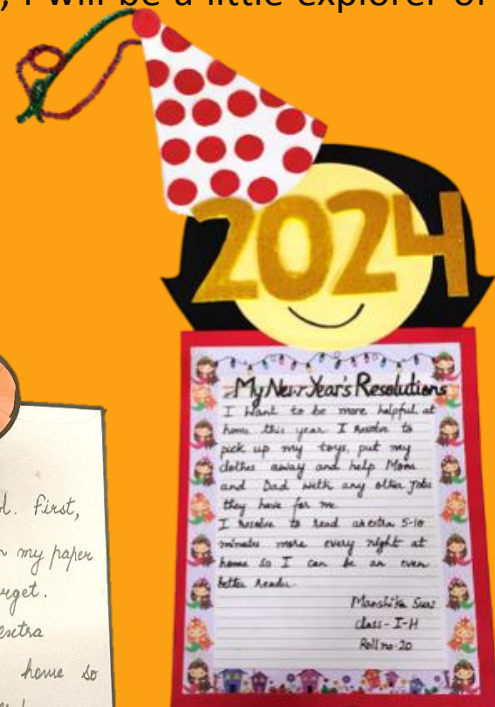

In 2024, I will learn lots of new things, like reading and drawing colorful pictures. I'll be kind to everyone, using good manners and sharing smiles. Respect for elders will be my guide, listening and learning from them. And, I'll eat my veggies and fruits to stay strong and happy. In the new year, I will be a little explorer of joy and knowledge!
