7. The in-house developed materials are commonly developed for the students of all DAV public schools functioning across the country.
8. DAV is having one unit called DAV Centre of Academic Excellence which is involved in research and development of the study material in the light of NCERT/ CBSE curriculum which aims to achieve academic excellence with minimum bearing on the students.
9. The students' mobility from one DAV school to another DAV school of two different locations also facilitate the parents due to having common syllabus and study material.
10. The study materials are very much students friendly and therefore the students understand the concept easily.
11. The study materials so provided by DAV Publication Division are displayed on the school's website along with the price of the same for information to all stakeholders.
12. The books published by NCERT for classes IX to XII are strictly followed in the school and the students are not compelled to purchase reference books.
