

Dear Parents,

Greetings of the Day!

According to circular No -F.1002/CBSE/Dir (Acad)/Mathematics/2019 dated 10.01.19, CBSE has introduced two levels of Mathematics examinations for secondary level Board exams from the academic Session 2019-20 onwards and the same shall not be applicable to the internal assessment in Class-X

First level would be the same as the existing one, and the other would be an easier level.

The names of the two Examinations will be Mathematics-Standard for the existing level of examination and Mathematics-Basic for the easier level of examination

The syllabus, Class Room teaching and Internal Assessment for both the levels of examination would remain the same, so that the students get an opportunity to study the whole range of topics throughout the year and are able to decide upon the level of Board examination depending upon their aptitude and abilities.

The Standard level is meant for students who wish to opt for Mathematics at Senior Secondary level. The Basic level would be for students not keen to pursue Mathematics at higher levels.

A student has the right to choose between the two levels of Examination at the time of form fill up in the month of August by the affiliated school to the Board online.

In case a student fails at any level of Mathematics, he/she can appear at the compartment examination as per the norms of the Board according to the options given below:

In case of failure in	Compartment options
Mathematics-Basic	Mathematics-Basic
Mathematics-Standard	Mathematics Standard or Mathematics-Basic

A student who qualifies the **Mathematics-Basic**, shall be given an option to appear in **Mathematics-Standard** at the time of Compartment exams as per norms of the Board, in case he/she changes his/her mind to pursue Mathematics at Senior Secondary level.
