[We Are a Health Promoting School]

The health of children is of para-mount importance for the growth and development of any Country. Keeping this in mind, KB DAV Senior Secondary Public School promotes the health of children at all levels, be it providing a clean infrastructure, conducting health awareness programs or maintaing health record.

The Department of Community Medicine and School of Public Health, PGIMER released the ranking and accreditation status of Chandigarh based institutes under the School Health Accreditation Project (SHAP). Prof. J. S. Thakur, Principal Investigator, SHAP, said the schools were evaluated on each key domains, including healthy school environment, mechanism for promoting health and awareness, health services, nutrition services, physical education, counselling, psychological and social services, community participation and extent of implementation of school standards and evaluation framework (Shaala Siddhi) and involvement in establishing more health promoting schools and accreditation.

The hard work of KB DAV has been recognized by the Department of Education, Chandigarh, UT in association with PGIMER, Chandigarh. KB DAV was felicitated with the Gold Category at the event titled Ranking and Certification Ceremony at PG Government College, Sector 11, Chandigarh. The certificate was presented by distinguished Sh. B. L. Sharma, Education Secretary alongwith dignitaries from PGI and Education Department, Chandigarh.
