

KULACHI HANSRAJ MODEL SHOOOL, ASHOK VIHAR, DELHI

Dear Parent,

The present times are challenging for all of us. Due to Covid 19 pandemic and resultant changing dynamics, the school is making changes in the fee being charged as per the orders of the DOE dated 28 august 2020.

We are shifting back to charging only tuition fee for the month of September.

The arrears towards annual charges and development fee will be payable later as per the decision of DOE or as per the decision of Hon'ble court in this regard

The school conveys its thanks to the parents who have already made the payment of fees including annual charges and development fee and assure them that the same will be adjusted in the current financial year against the arrears of these charges which will become payable after the decision as mentioned in paragraph above.

We also request the parents neither to spread nor believe the rumour being falsely spread by some of the parents that the school is having surplus funds and reserves. The reality is quite the opposite. We have repeatedly conveyed to you that the school is under huge deficit and it has not been able to pay full salary to its staff since April 2020. We therefore appeal to you to co-operate in this time of crisis so that the school can function effectively with your help.

We once again request you to pay the fee for the month of September by 13th in order to avoid late fee charge.

KHMS
